

PROGLOVE

Wearable Scanner Family

Smallest and lightest
wearable scanners
on the market

Save up to
6 seconds per scan,
right away

All scanners can be
paired with any of the
3 wearables variations

Choose between a display,
scan ranges, and your
operational needs

Compatible with your
OS (Android, Windows,
Linux, iOS)

Human-centered design
makes it easy to wear
all day and easier to use
