

Water cooler
down to $+3,5^{\circ}\text{C}$

CONTINU'O

pressurised range

H : 990 mm
D : 660 mm
L : 1050 mm
(Provide headroom + 100 mm)

Advantages

- Water is cooled when goes through the coil
 - Water cooler with continuous flowing
 - Under pressure of city main water (no pump)
- 316 L stainless steel coil double exchanger (ice accumulation)
 - Insulated tank
 - 1/4 turn flow valve
- Built-in power and operation management box
 - Pressure gauge

| References | | CONTINU'O 400 | CONTINU'O 600 | CONTINU'O 900 |
|---|----------------------------|---|-----------------------------|--|
| Hourly capacity Water inlet +18°C - Water outlet +3,5°C | | 40 litres / hour | 60 litres / hour | 90 litres / hour |
| Tank volume | | 130 litres | | |
| Flowrate | | 10 litres / min | | |
| Remote control box | | No | | |
| Electrical supply | | General electrical protection of the water cooler Voltage : 230V-1/N+T-50Hz Neutral «TT» or «TN» only | | |
| Refrigerant | | R452A | | |
| Electrical power | Agitators | 50 W x 2 / 0,45 A x 2 | | |
| | Refrigerating group | 730 W - 4,2 A | 950 W - 5,4 A | 1550 W - 8,8 A |
| Air condenser flowrate | | 540 m ³ / hour | 1 150 m ³ / hour | 1 300 m ³ / hour |
| Hydraulic connections | | Outlet : Threaded Female 20-27 (3/4") Filling up and overflow : Threaded Male 20-27 (3/4") | | |
| Dimensions (in mm) | | L : 1050 | D : 660 | H : 990 (release of +100 mm is necessary above the water cooler to remove the cover) |
| Weight (in kg) | | Empty : 62 Working : 192 | | |

Options

- **Stainless steel wall support**

necessary to install the cooler above the dough mixer, subject to the acceptable load by walls

- **Stainless steel support to fix on wall + floor**

height to define - maxi 2 ml)

- **Connection kit by flexible hose**

water filling 1,5 ml, overflow 2,5 ml and water outlet 2,5 ml with stainless steel cross

- **Other electrical supply** : consult us

- **Water meter and mixer DMT-MA SP BOX**

With this water meter, the flowing water temperature is controlled by manual mixing with a hot water supply.

- **Automatic and programmable water meter and mixer DMT-PROG**

This water meter allows to program the volume and the temperature by cold water / hot water mixing.
Fitted with a touch panel, it also memorizes recipes.
