# PAPER CUTLERY

Making a positive impact on our planet, our paper cutlery is 100% recyclable, Paper cutlery has a smoother mouth feel than wooden cutlery and is better for our environment.

## Did you know?

- No chemicals are used during the cutlery manufacturing process.
- Paper cutlery has no taste or odour.
- Due to the smooth surface and nature of the material used, there is less risk of harm when using the product.
- Wooden cutlery is not recyclable and takes many months to fully decompose.

# PREPACKS
