NATIONAL TECHNICAL ASSESSMENT

pol.: Krajowa Ocena Techniczna (KOT) provides an independent procedure for positive assessment of characteristics of non-standard building products and offers manufacturers a route to "Znak Budowlany" and acts as the basis for a National Declaration of Performance pol.: Krajowa Deklaracja Właściwości Użytkowych (KDWU).

EUROPEAN TECHNICAL ASSESSMENT

provides an independent procedure for assessing the essential performance characteristics of non-standard building products and offers manufacturers a voluntary route to CE marking and is the basis for a Declaration of Performance (DoP).

TECHNICAL RECOMMENDATION

a voluntary document confirming the technical solutions provided by the manufacturer.
